What's included

01

Development of 3 websites

Full design and build for TFO Private, TFO Jets, and Iceland Limousine — aligned look and feel, mobile-ready, and ready for public launch.

02

3 months post-deployment support

Includes 5 minor changes and 1 major change at no extra cost. After the support period — or once included changes are used — further updates are charged separately.

03

Domain transition (old → new)

Support moving from the current domain(s) to the new websites. Client provides access and approval at the domain provider so we can complete the switch together.

Support clarity

Minor changes

Copy edits, small layout tweaks, link updates, light visual adjustments — 5 included.

Major change

One larger update (new section or meaningful feature adjustment) included within the support window.

After 3 months

Ongoing work moves to paid change requests or a separate support arrangement.

Domain help

We guide the cutover; registrar login / DNS approval comes from your side.

Suggested payment schedule

40%

On approval / kickoff — ISK 720,000
